Yokugu : The game.

2nd Edition (4 May 2021)

What on earth is Yokugu ?

Yokugu is a word scambling game inspired by Hangman.

" With suicidal concerns, we used a beautiful progress bar instead of a hanged person! "

Game Rules 🎮

1. You have 100 health point, decrement by 3.

2. If health point = 0, you will die.

3. If someone finishes the game, 60-second countdown will begin.

4. A player with highest level (furthest word) wins.

5. If more than one player has the same level, the one with more health point wins.

6. If more than one player has the same lvl and more than one player has the same health point, they are tied.
